CONNECT DEEPER WITH A LOVED ONE

Connect deeper with your partner, loved one, a date, or a long-lost friend.

From user feedback, we've found that these cards have helped many married couples reconnect on vital details and discovered things that they didn't, even after years of knowing them. It even helped them understand each other better and build stronger bonds.

Users usually do this after dinner with some soothing ambient music, on a road trip or a walk in the park. Turn this into a ritual and try to do even one card a day.

Find the respective cards in your deck and get cracking. See what patterns emerge for you in the end and reach out to us at hello@theikiguide.com - we will help you shape your journey
